PART 01 WEEKS 01-06

Wedding Cinematography & Photo / Album Design

Cameras, lighting, advanced beauty retouching, AI automation and luxury album layouts.

01 WEEK PRODUCTION

Professional Wedding Shooting & Camera Mastery

Camera handling (Sony/Canon), lens selection, shutter angles, picture profiles (Log/Cine), 3-point lighting, gimbal balancing, live bride & groom posing and real wedding shoot simulation.

02 WEEK PHOTO EDITING

Wedding Photo Editing Workflow (Photoshop & Lightroom)

Photoshop CC & Lightroom Classic workspace, RAW processing, dynamic exposure recovery, color correction, white balance calibration and fundamental skin tone adjustment.

03 WEEK HIGH-END RETOUCH

Advanced Wedding Photo Retouching & Manipulation

Micro & macro frequency separation, non-destructive dodge & burn, eye/hair enhancement, skin texture preservation, dramatic backdrop manipulation and composite creation.

04 WEEK AI AUTOMATION

AI & High-Speed Bulk Wedding Photo Editing

Batch-processing 1,000+ event photos, preset synchronization, AI neural filters, AI skin softening, Generative Fill background replacement and lossless AI upscaling.

05 WEEK ALBUM LAYOUT

Wedding Album Design & Storyboarding

Album software setup, page grids, margins, bleed, emotional sequence storytelling (Haldi, Mehndi, Varmala, Reception), template customization and cinematic typography.

06 WEEK FINISHING

Advanced Album Finishes, Printing & Client Delivery

Luxury covers (velvet, leather, acrylic), sRGB to CMYK lab conversion, proofing & digital approval flow, packaging and client presentation standards.

TOOLS IN THIS PART

Photoshop CC · Lightroom Classic · Camera Raw · AI editing tools · Album design software

PART 02 WEEKS 07-12

Video Editing, Sound Design & DaVinci Color Grading

Traditional multi-cam editing, cinematic trailers, reels, beat matching and studio color science.

07 WEEK EDIUS

Traditional Wedding Video Editing with EDIUS Pro

EDIUS interface, high-speed multi-track workflow, 2-3 camera sync, traditional title animations, background song placement, fast cutting and rapid export for local delivery.

08 WEEK PREMIERE PRO

Cinematic Video Editing Basics (Premiere Pro 2026)

Project architecture, proxies, sequence settings, J-cuts, L-cuts, speed ramps, whip zooms, invisible cuts, narrative structure and dialogue-music balance.

09 WEEK CINEMATIC

Advanced Cinematic Storytelling & Motion Graphics

Advanced pacing, tension building, sound FX layering (whooshes, risers, room tones), motion graphics titles, animated lower thirds and the Essential Sound panel.

10 WEEK REELS / TEASERS

Music Videos, Teasers, YouTube 4K & Viral Reels

Beat-marker sync, the 1-minute cinematic Instagram teaser formula, 9:16 vertical mastery, retention editing, thumbnails and optimal bitrates for 4K YouTube.

11 WEEK COLOR GRADING

DaVinci Resolve: Hollywood Color Grading

Node graph workflow, lift/gamma/gain, HDR wheels, curves, qualifiers, power windows, skin tone indicator alignment, LUT management and look recreation.

12 WEEK CAPSTONE PROJECT

DaVinci Fusion VFX, Audio Mastering & Final Wedding Film

Fusion: 3D titles, object removal, sky replacement. Fairlight mastering, full wedding film master submission, critique session and portfolio showreel.

TOOLS IN THIS PART

EDIUS Pro · Premiere Pro 2026 · DaVinci Resolve (Color, Fusion, Fairlight)

PART 03 WEEKS 13-14 · FREE BONUS

Wedding Business, Marketing & AI Automation

Attract high-paying clients, run profitable ads and build an automated studio.

13 WEEK BUSINESS

Wedding Photography Business Strategy & Meta Ads

High-ticket package pricing, client contract drafting, Facebook & Instagram campaigns, budget optimization, targeting by location & wedding dates, and ad creative design.

14 WEEK AUTOMATION

AI Automation, WhatsApp CRM, Client Closing & Certification

Automated WhatsApp lead follow-ups, portfolio website setup, sales negotiation, closing ₹50k-1L+ wedding gigs, certificate distribution and joining the alumni network.

SOFTWARE & TOOLS YOU WILL MASTER

- Photoshop CC
- Lightroom Classic
- Camera Raw
- EDIUS Pro
- Premiere Pro 2026
- DaVinci Resolve
- Fusion VFX
- AI Editing Tools

WHAT YOU WALK AWAY WITH

End-to-end master project, critiqued in class.
- ✓ **A portfolio showreel**
Finalized in week 12, ready to show clients.
- ✓ **A professional diploma**
Awarded on completion of the course.
- ✓ **Alumni network & mentorship**
Lifetime community mentorship after you graduate.

MEET YOUR MENTOR

Learn from Anil Sharma.

Founder & Lead Mentor, Quick Art

A professional editor and filmmaker with over a decade of experience in wedding films, commercial adverts and creative campaigns. His mentorship brings real production workflows into the classroom — storytelling, editing, color and sound.

Based in Siwan, Bihar, the academy connects creative learning with practical studio skills. Students work with real wedding footage, get individual feedback and build the creative and business confidence to find their own path.

OFFICIAL ENROLLMENT & VERIFICATION
